FRIDAY MORNING, AUG. 22, 1873 The Dally Appeal has a larger circu

passions engendered by the war oblitercessful a cause done to death by the

with the living. The south has but one way to succeed in defeating Radicalism and securing that peace for which her people yearns, and that is by commonstant suppression of all violence, and the signal punishment of offending signal punishment of offending signal punishment of offending of their press and orators; by the lone of their press and orators; for the signal punishment of their press and orators; for the signal punishment of their press and orators; for the signal punishment of their press and orators; for the signal punishment of their press and orators; for the signal punishment is too plain to need any elucidation. The news are a curse to the country, more infamare a curse to the country, more infamous than the worst of those who are
signatized and outlawed for their
signatized and outlawed for their
signatized and outlawed for their
vicious ways.

Colonel John Forsythe, of the
Mobile Register, who is just now sojourning in Europe, closes his letter of the
first of August with this sentence: "In by living a sublime national life until they trample sectional hate and misjudgement in the dust. Do these things, judgement in the dust. Do these things, in the dust of future probabilities as a grand vista of future probabilities as a grand vista of future probabilities as adgement in the dust. Do these things, hundred thousand paupers who "die and peace will soon broad over the south | daily" are assurances of that fact, and and presperity will follow, as immigra- the exile of two million five hundred tion will find as noble a home in our thousand Irishmen in twenty years is midst, as it must find a noble return in another. The privileges of the dukes 1873, congress passed an act providing almost certainty that a party of repreour exhaustless soil. White cottonfields, the splender of the tasselling maize and general presperity of the south is the greatest restorer, the most successful reconstructive policy after all. We believe the time is at hand when the lish legislation as he is in actimedia, the splender of the tasselling count in last Sunday's Appeal, are also good proof it. Evidently, Colonel Forthat it was the true intent and meaning of the act approved March 2, 1867, that the exemptions allowed the bankrupt By the said amendatory act shall be the amount allowed by the constitution and laws of each State respectively as existing in the year 1871, and that the sentative men of Great Britain, in acceptance of the invitation sent by St.
Louis, will pay us a visit during the
tension of the beauties of English legislation as he is in acton and area of the act approved March 2, 1867,
that it was the true intent and meaning of the act approved March 2, 1867,
that it was the true intent and meaning of the sext approved March 2, 1867,
that it was the true intent and meaning of the act approved March 2, 1867,
that it was the true intent and meaning of the sext approved March 2, 1867,
that it was the true intent and meaning of the sext approved March 2, 1867,
that it was the true intent and meaning of the sext approved March 2, 1867,
that it was the true intent and meaning of the sext approved March 2, 1867,
that it was the true intent and meaning of the sext approved March 2, 1867,
that the exemptions allowed the bankrupt By the said amendatory act shall
be the amount allowed by the constitution and laws of each State respectively
as existing in the year 1871, and that year act allowed the bankrupt By the said amendatory act shall
be the amount allowed and the sext approved March 2, 1867,
that the exemptions allowed the bankrupt By the said amendatory act shall
be the amount allowed by the constitution and laws of each State respectively
as exemptions are almost certainty that a party of repre believe the time is at hand when the lish registation as he is in ac-people will have their Union cemented cepting and dealing with existing exemptions be valid against debts cou-tracted before the adoption of such State the representative men of Great Britain, and enduring, despite all the profligate politicians in either section. The routh cannot contribute to this result by while assertion that even negro-ridden south Carolina is governed with a better tidea of justice to all her people than jectures as to the future, or by an incessant discussion of politics. For eight years the south has paid to make a politics. For eight years the south has paid to make a politics at ple ought to take no part in politics at rolling with the fact that all legislation in England is given the fact that all legislation in England in the fact that all legislation in England is given to the southern people of the nobles second, the manufacturers of the southern states ought not to expend to the southern states ought not to eccupit the thirteenth exhibition of the same, and against the fact state that the southern states ought not of each of any such items by judgment or decree of any state court, any decision of any such items by judgment or decree of any state court, any decision of any such court rendered since the adoption and passage of such constitution and laws, as well as those contracted after the same, and against the fact that the testing to decision of any such items by judgment or decree of any state court, any decision of any such items to all the people than the future, or by an incessant discussion of politics. For eight years the south has paid to the future and pleased to be able to inform you have the possible of since the adoption and passage of such constitution and laws, as well as those contracted after the same, and against the feeting of any such items to decision of any such items the fact that same endough the possible of any such items to the future. This is proved Revolving Screw Press and a decision of any such items to the future, or the possible of any such items the fact that the assertion that the contracted after the same, and against the fact that the fitteenth exhibition of the Agricultural and Meckanical association, to be held at St. Louis in the and enduring, despite all the profligate facts in his own country. We venture the southern states ought not to occupy a dignified and noble stand on the political questions of the day, vindicating their bopor, their integrity and their sults of our form of government, badly as it is sometimes administered, and pose to advocate the dishonorable policy of a quiet submission and tacit acquiesence to and in the frauds and corruptions for the party in power through their leaders; nor that we should not enter our solemn protest against the ingreement upon our constitutional rights. But we do say that it is not solved in the subject of the party in power through their leaders; but the subject of the party in power through their leaders; nor that we should not other through their leaders; nor that we should not other through their leaders; nor that we should not other through their leaders; nor that we should not other through their leaders; nor that we should not other through their leaders; nor that we should not other through their leaders; nor that we should not other through their leaders; nor that we should not other through their leaders; nor that we should not overthrows the recent unwise and sectional attempts of congress in the supreme court of Georgia, and tried upon an agreed statement of facts. Though the amendatory act of the bankingth has a mendatory act of the ban rights. But we do say that it is not sifteen blocks of buildings by fire, and a necessary that we should make political few weeks since twenty blocks, but, questions a specialty. Our planting amid all this ruin, says the Salem (Oreinterests, which are our best interests, gon) Morcury, a high public spirit and and the only basis on which we can a generous benevolence are at work.

Two Million Dollars More to be Issued of our most important neighbor in the

dollars annually to the duke of Edinburgh as a slight compensation for his
valuable services to the British nation.

This appropriation has kindled a fire
which is likely to burst into a blaze. The
people are bitter in denouncing the of others. The same feeling of discontent is growing in America. We are not surprised, for it is certainly a great outrage for a President to render no service for the enormous salary he receives. President Grant spends the whole season of the recess of congress lounging by the seaside with such congress lounging by the seaside with such congenial spirits as Tom Murphy & Co. For four days of idleness the President draws from the pockets of the taxpayers on account of regular salary alone, more than the laborer or man alone, more than the laborer or more than the canting the diately disposing of their bonds, and the alleged necessity for more currency in the country, have induced him to make alleged necessity for more currency in the country, have induced him to make the country, have induced him to make alleged necessity for more currency in the country, have induced him to make the country, have induced him to make the country, have induced him to make alleged necessity for more currency in the country, have induced him to make the country, have induced him to make the country, have induced him to make alleged necessity for more currency in the country, have induced him to make alleged necessit
